This is a “Free” support tool from Firefighter’s ABC’s:

In an effort to allow your agency to enroll and too support a more robust and diverse pool of candidates in your community we will grant your agency 2000 “Free” additional NRD subscriptions in addition to those provided based on your agency size when you post your membership banner to your website.

Why: Finding a diversity of qualified candidates is a needle in a haystack endeavor despite an increasingly diverse population.

Purpose: Developing a Sustainable Diversity Recruitment Program within the fire service through partnerships with public high schools, colleges and post school diverse young adults.

How: Simply go to this link to download your member banner [FDRC Member Banner](#). Once posted simply request your 2000 “Free” additional NRD subscriptions.

Critical issues associated with developing and executing a successful, long-term diversity recruit & retention program require keeping the fire service diversity candidate pipeline filled starting at the ninth grade level, through college and post college young adults in your community with a focus on women.

We must create a pool of diverse candidates keeping long term cultivation in mind.

Yes, “You Can Think” “Outside the Box”

In closing, we thank you for your time and look forward to partnering with your agency in making the fire service a reality for all.

Best Regards,

Russell G. Hayden
